**from Europe to You**

HE Parisienne states her jewel preferences in black and white and illustrates them with these effective novelties which HEARN has just imported.

A similar bracelet of jet and brilliants, without the pearls, is 5.97

EARRINGS may be as long as wearer's neck—the longer the smarter, says Paris. New ones of jet encrusted with brilliants and tiny pearls are as light as feathers to wear. 3.97

Double Hoop Earrings on long brilliant studded pendants also come at this price.

A COLLAR with the central stone, which is black, linked on either side to black velvet ribbon, with strands of pearls, and having a pearl and jet pendant tassel, is a becoming ornament for any woman. 10.97

A PENDANT of jet encrusted with a design of brilliants is considered by the Parisienne to be the last touch of smartness for her day or evening costume. A number of designs give choice of single or double pendants 5.97
